Summary: Provides funding for certain education programs, modifies provisions related to the funding of charter schools. Beginning in the 2009-10 school year, an annual increase in charter school enrollment capacity equal to 1.4% of total school district enrollment as of October 1 of the previous school year. Modifies the positions that qualify for educator salary adjustments and increases the salary adjustments for those positions. SB 2 encourages parent and educator involvement in completion of the financial and economic literacy. SB 2 also calls for opportunities to coordinate high school and post-secondary math and science education. Beginning in fiscal year 2008-2009, provides an annual salary supplement of $4,100 for a full-time teacher and a partial salary supplement for a part-time teacher who teaches one or more courses of a secondary school level mathematics course, integrated science in grade 7 or 8, chemistry or physics, and who holds the appropriate endorsement for the assigned course, has a qualifying educational background, and is either a new employee or received a satisfactory rating or above on the teacher's most recent evaluation. This bill also eliminates school administrators from being eligible to receive an education salary adjustment to attract and retain high skilled and dedicated educators. Supersedes HB 1, changing the funding amount for summer career and technical education agriculture programs to $1,154,458. Provides competitive grants to launch the Utah Science Technology and Research Initiative (USTAR) Centers Program, which will provide STEM education during the summer. Money appropriated for the English Language Learner Family Literacy Centers Program shall be used by school districts and charter schools to pay for costs of English Language Learner Family Literacy Centers as provided in this section
